

Day Seven

# Witness

Read  
2 Timothy 4:2

Sharing the Gospel with someone may not always involve preaching with words. RevoJution is also very much about sharing the Gospel through “love-in-action.” We believe the Gospel can also be “preached” through our acts of kindness. Oftentimes, actions do speak louder than words!

*Matthew 5:16 says, “Let your light so shine before men, that they may see your good works and glorify your Father in heaven.”*

When we express the love of God through action to and in someone’s life (let your light shine), it can open a door into their heart and mind. It raises curiosity and provokes interest (see your good works). People might begin to wonder, “Is this for real?”, “Why are you doing this for me?” “Where did you learn this from?”

These curiosities are really “invitations” for us to share the Gospel by sharing our personal testimonies! By sharing why we do what we do, we point them to God (glorify Your Father) and introduce Jesus to them; bringing them one step (or more) closer to Him!

Scripture teaches us to be ready to share our faith anytime! In Acts 26, Paul seized the opportunity to share God’s and his personal story, even while on trial. Be sensitive to recognise opportunities all around you to testify. It can happen anywhere, anytime!

Sharing your testimony is basically sharing your life story of what God has done and how He has impacted you. True stories both inspire and instruct. Don't underestimate the power of your story and God's Story! It tells the world that if God can do it in your life, He can certainly do the same, and more, in their lives!

### Mission

Next week, gather in your Groups, and continue to PLOW! Ask God for an idea to bless someone through love in action, and from there, for the opportunity to witness. Find a way to lead the conversation towards a discussion about faith (you can find more ideas on our website) or an opportunity to share your True Story (testimony). Have faith, have fun and come back to tell us how it went!

### Prayer

Dear God, thank You for Your love and grace in my life. I thank You that I have a story to tell, because of the great story of Your great love in my life. Open the doors and opportunities for me to shine Your light so that others may be attracted to You and want to know You more. Give me the wisdom, and courage to witness when the opportunity arises, or even the creativity to create that opportunity! In Jesus' name, Amen!

**REVO  
STORY**

**All things are possible**

“I want to share with all of you that God can do something that we may think is impossible – through God, everything is possible!

A friend of mine, who is the secretary of the Buddhism Club, finally opened his heart to consider what Jesus has done for him! When I used to share God's Word to him, he used to stop me from doing so by changing the subject. But now that he has experienced the love of God, he started asking me to tell him more.

This is an awesome transformation in my school! A boy who is holding a high position and is very committed in the Buddhism Club has started a personal relationship with our Lord Jesus Christ.”

– *Joshua, Chung Ling High School, Penang, 2010*

**REVO  
STORY**

**Sharing the gospel in another language**

A girl from Taylor's University was led to say "Jesus loves you" to five people that week. One of them was her grandmother. As her grandmother could only understand Mandarin, she tried her best to bridge the gap with her little grasp of the language, she also included English and Malay in her effort to communicate.

She shared boldly about what God has done through her Revo Group and managed to bond with her grandmother. Touched by her stories, her grandmother visited a church over the weekend and gave her life to Jesus. Her grandmother also read the entire New Testament of the Bible and introduced the gospel to the girl's aunt. Both her grandmother and aunty were baptised afterwards.
