

REAL BIBLE HEROES

Ruth

Part 4: Looking to the Future

“Does this make a difference?” Be expectant of what you do in Revo! Everything that you have done and will do brings more and more of God. God is always working! In “Ruth, Part 4”, God uses Ruth to bring forth things that we never knew and she was part of it!

(A) MATERIAL:

Read Ruth 4:9-22

Talk it Out

- The famous character of ‘King David’ in the Bible was the great-grandson of Ruth! Jesus was also to be a descendant of King David! Could you imagine how the stories in the Bible would have changed if Ruth had given up and not followed the will of God?
- What are some of the values (good & bad) that the younger generations are bringing into our schools?
- How can you, like Ruth, affect the course of the future students that come into your school? How can you set a good example for them? (eg. Spending time with them, blessing them)

(B) MISSION:

Your vision for your school should **BIG on continuity**. What good is it to build such a powerful foundation for your Recess Revolution group only to have it start from scratch all over again next year because the younger generations were not exposed to the importance of making a difference in their schools?

Next week, initiate a **Revolution project** that can involve everyone from every Form! It could be a combined ‘*Gotong-Royong*’ or giving a fresh coat of paint to certain areas in school or just something that the Holy Spirit leads your group to do today! If you need more time to mobilize people, and plan for the project, go for it!

(C) PRAYER:

Dear Lord, please help us to care more for the future generations that will be the pillars of faith in our schools. Give us patience to guide and nurture them into the individuals that you want them

to be. In Jesus name, Amen!
