John the Apostle Part 2: Testifier

A witness in court would usually testify what he or she saw, heard, and experienced. A witness' testimony can influence whether a defendant goes free or is imprisoned. In "John the Apostle, Part 2", we see that John testifies of who Jesus is.

(A) MATERIAL:

John 5:18-29

Talk it Out

- The Book of John, is known to be different from the other 3 gospels (Synoptic Gospel). The gospel of John focuses on Jesus' teaching on His own identity and His unique relationship with the Father.
- In John 20:30, he tells us the purpose of writing the book of John. He wanted to believe in Jesus. Are you telling people of who Jesus Christ is?
- As part of Revo, who are you testifying to? What can you tell the people around you about who God is?

(B) MISSION:

There are so many stories to tell about who Jesus is. Think of a personal testimony

Pray and **ask** God who you can share a testimony with. **Draft out** your testimony. **Share** your testimony with an unbeliever today! Let them know who Jesus is. (You can also **practice** first amongst each other before going out to share)

(C) PRAYER:

Dear Lord and heavenly Father, I thank you for all the beautiful things you have done in my life. You are the ultimate author of my life, so Lord use me to share your stories with others. In Jesus' name I pray, Amen.
