

REAL BIBLE HEROES

Solomon

Part 4: Walking Away

People change. We see our love ones turn away from God for many reasons. Leaders also fail us and fall away from their faith. Why and how, each person has their story. In "Solomon, Part 4", we see how Solomon, a man of wisdom walked away from God.

(A) MATERIAL:

Read 1 Kings 11:1-13

Talk it Out

- It is discouraging and sad to find out someone leave the faith. Solomon had wisdom but he gave into temptation and his fleshly desire. How do you think God felt when he saw Solomon slowly moving further and further away from him?
- What did God do? Do you see the grace of God on how he responded to Solomon's act? (v12)
- How can you respond when you see your leaders fall away from God, whether in the moment or for a long time? Do you blame God or ask God for his grace?

(B) MISSION:

You must always be on guard as there are many temptations around us.

TODAY, share with your leader the struggles you face in your faith, whether it is questions about God or temptations. Learn to be open about your struggles. Pray for one another as you both share your struggles.

(C) PRAYER:

Dear God, life is hard. We are faced with so much hate, doubts, envy and sadness. Lord, I do not want all these things to make my faith weak but use it Lord, use it to help me rise up in faith! I want to run towards you more in these times. I need you Lord! In Jesus' name, I pray, Amen.
